YEOVIL COLLEGE HOSTS ANOTHER SUCCESSFUL EMPLOYER EVENT

Last week saw another successful Employer Event hosted by Yeovil College. The event, which was held at the University Centre (UCY) on Preston Road was focussed towards the health and care sector. Thirty local employers from care and residential homes, nurseries and play groups came along to find out about the recent changes in qualification standards and how this may impact their organisation. They also had the opportunity to talk to students and view their work. Employers were asked to express their interest on an employer forum and on the possibility of an employers area on the YC website.

Kate Hill, Head of Department for Health & Care began the evening with a welcome. Katie thanked everyone for attending and said that it was so nice to see so many employers attending.

The evening ended with supper and networking opportunities and one lucky employer won a bottle of wine after entering their feedback sheet into a draw. The feedback from employers was very positive and the health and care team intend to hold more events in the future.

If you would like to know more about the health and care courses please call Yeovil College on 01935 423921 or visit our website at www.yeovil.ac.uk
